TECHNICAL SKILLS

-

WEB DEVELOPER

As a skilled and passionate web developer, I excel in creating dynamic and user-centered websites. I have expertise in HTML, CSS, JavaScript, Java, and database design and management using SQL and MySQL. Always up to date with the latest web technologies, I am ready to take on new challenges to provide high-quality solutions. A team player, I work efficiently with others to develop robust and high-performance web applications.

Programming Languages: Java, HTML, CSS, JavaScript, C#, SQL, etc.	Web & Mobile App Development	Creative Problem-Solving Testing & Debugging Project Management (Agile, Scrum, Kanban, etc.)
